

Duration: Until dispelled or triggered

You inscribe a glyph that later unleashes a magical effect. You inscribe it either on a surface (such as a table or a section of floor) or within an object that can be closed (such as a book or chest) to conceal the glyph. The glyph can cover an area no larger than 10 feet in diameter. If the surface or object is moved more than 10 feet from where you cast this spell, the glyph is broken, and the spell ends without being triggered.

The glyph is nearly imperceptible and requires a successful Wisdom (**Perception**) check against your spell save DC to notice.

When you inscribe the glyph, you set its trigger and choose whether it's an explosive rune or a spell glyph, as explained below.

Set the Trigger. You decide what triggers the glyph when you cast the spell. For glyphs inscribed on a surface, common triggers include touching or stepping on the glyph, removing another object covering it, or approaching within a certain distance of it. For glyphs inscribed within an object, common triggers include opening that object or seeing the glyph. Once a glyph is triggered, this spell ends.

You can refine the trigger so that only creatures of certain types activate it (for example, the glyph could be set to affect Aberrations). You can also set conditions for creatures that don't trigger the glyph, such as those who say a certain password.

Explosive Rune. When triggered, the glyph erupts with magical energy in a 20-foot-radius **Sphere** centered on the glyph. Each creature in the area makes a Dexterity saving throw. A creature takes 5d8 Acid, Cold, Fire, Lightning, or Thunder damage (your choice when you create the glyph) on a failed save or half as much damage on a successful one.

Spell Glyph. You can store a prepared spell of level 3 or lower in the glyph by casting it as part of creating the glyph. The spell must target a single creature or an area. The spell being stored has no immediate effect when cast in this way.

When the glyph is triggered, the stored spell takes effect. If the spell has a target, it targets the creature that triggered the glyph. If the spell affects an area, the area is centered on that creature. If the spell summons **Hostile** creatures or creates harmful objects or traps, they appear as close as possible to the intruder and attack it. If the spell requires **Concentration**, it lasts until the end of its full duration.

Using a Higher-Level Spell Slot. The damage of an explosive rune increases by 1d8 for each spell slot level above 3. If you create a spell glyph, you can store any spell of up to the same level as the spell slot you use for the Glyph of Warding.

Goodberry

Level 1 Conjuration (Druid, Ranger)

Casting Time: Action

Range: Self

Components: V, S, M (a sprig of mistletoe)

Duration: 24 hours

Ten berries appear in your hand and are infused with magic for the duration. A creature can take a Bonus Action to eat one berry. Eating a berry restores 1 Hit Point, and the berry provides enough nourishment to sustain a creature for one day.

Uneaten berries disappear when the spell ends.

Grasping Vine

Level 4 Conjuration (Druid, Ranger)

Casting Time: Bonus Action
