

You implant a message within an object in range—a message that is uttered when a trigger condition is met. Choose an object that you can see and that isn't being worn or carried by another creature. Then speak the message, which must be 25 words or fewer, though it can be delivered over as long as 10 minutes. Finally, determine the circumstance that will trigger the spell to deliver your message.

When that trigger occurs, a magical mouth appears on the object and recites the message in your voice and at the same volume you spoke. If the object you chose has a mouth or something that looks like a mouth (for example, the mouth of a statue), the magical mouth appears there, so the words appear to come from the object's mouth. When you cast this spell, you can have the spell end after it delivers its message, or it can remain and repeat its message whenever the trigger occurs.

The trigger can be as general or as detailed as you like, though it must be based on visual or audible conditions that occur within 30 feet of the object. For example, you could instruct the mouth to speak when any creature moves within 30 feet of the object or when a silver bell rings within 30 feet of it.

Major Image

Level 3 Illusion (Bard, Sorcerer, Warlock, Wizard)

Casting Time: Action

Range: 120 feet

Components: V, S, M (a bit of fleece)

Duration: **Concentration**, up to 10 minutes

You create the image of an object, a creature, or some other visible phenomenon that is no larger than a 20-foot **Cube**. The image appears at a spot that you can see within range and lasts for the duration. It seems real, including sounds, smells, and temperature appropriate to the thing depicted, but it can't deal damage or cause conditions.

If you are within range of the illusion, you can take a **Magic** action to cause the image to move to any other spot within range. As the image changes location, you can alter its appearance so that its movements appear natural for the image. For example, if you create an image of a creature and move it, you can alter the image so that it appears to be walking. Similarly, you can cause the illusion to make different sounds at different times, even making it carry on a conversation, for example.

Physical interaction with the image reveals it to be an illusion, for things can pass through it. A creature that takes a **Study** action to examine the image can determine that it is an illusion with a successful Intelligence (**Investigation**) check against your spell
