

know the target's location until the spell ends, but only while the two of you are on the same plane of existence. While you have this knowledge, the target can't become hidden from you, and if it has the **Invisible** condition, it gains no benefit from that condition against you.

Using a Higher-Level Spell Slot. The damage increases by 1d8 for each spell slot level above 2.

Minor Illusion

Illusion Cantrip (Bard, Sorcerer, Warlock, Wizard)

Casting Time: Action

Range: 30 feet

Components: S, M (a bit of fleece)

Duration: 1 minute

You create a sound or an image of an object within range that lasts for the duration. See the descriptions below for the effects of each. The illusion ends if you cast this spell again.

If a creature takes a **Study** action to examine the sound or image, the creature can determine that it is an illusion with a successful Intelligence (**Investigation**) check against your spell save DC. If a creature discerns the illusion for what it is, the illusion becomes faint to the creature.

Sound. If you create a sound, its volume can range from a whisper to a scream. It can be your voice, someone else's voice, a lion's roar, a beating of drums, or any other sound you choose. The sound continues unabated throughout the duration, or you can make discrete sounds at different times before the spell ends.

Image. If you create an image of an object—such as a chair, muddy footprints, or a small chest—it must be no larger than a 5-foot **Cube**. The image can't create sound, light, smell, or any other sensory effect. Physical interaction with the image reveals it to be an illusion, since things can pass through it.

Mirage Arcane

Level 7 Illusion (Bard, Druid, Wizard)

Casting Time: 10 minutes

Range: Sight

Components: V, S

Duration: 10 days

You make terrain in an area up to 1 mile square look, sound, smell, and even feel like some other sort of terrain. Open fields or a road could be made to resemble a swamp, hill, crevasse, or some other rough or impassable terrain. A pond can be made to seem like a grassy meadow, a precipice like a gentle slope, or a rock-strewn gully like a wide and smooth road.

Similarly, you can alter the appearance of structures or add them where none are present. The spell doesn't disguise, conceal, or add creatures.

The illusion includes audible, visual, tactile, and olfactory elements, so it can turn clear ground into **Difficult Terrain** (or vice versa) or otherwise impede movement through the area. Any piece of the illusory terrain (such as a rock or stick) that is removed from the spell's area disappears immediately.
