

The first time a creature enters the webs on a turn or starts its turn there, it must succeed on a Dexterity saving throw or have the **Restrained** condition while in the webs or until it breaks free.

A creature Restrained by the webs can take an action to make a Strength (**Athletics**) check against your spell save DC. If it succeeds, it is no longer Restrained.

The webs are flammable. Any 5-foot **Cube** of webs exposed to fire burns away in 1 round, dealing 2d4 Fire damage to any creature that starts its turn in the fire.

Weird

Level 9 Illusion (Warlock, Wizard)

Casting Time: Action

Range: 120 feet

Components: V, S

Duration: **Concentration**, up to 1 minute

You try to create illusory terrors in others' minds. Each creature of your choice in a 30-foot-radius **Sphere** centered on a point within range makes a Wisdom saving throw. On a failed save, a target takes 10d10 Psychic damage and has the **Frightened** condition for the duration. On a successful save, a target takes half as much damage only.

A Frightened target makes a Wisdom saving throw at the end of each of its turns. On a failed save, it takes 5d10 Psychic damage. On a successful save, the spell ends on that target.

Wind Walk

Level 6 Transmutation (Druid)

Casting Time: 1 minute

Range: 30 feet

Components: V, S, M (a candle)

Duration: 8 hours

You and up to ten willing creatures of your choice within range assume gaseous forms for the duration, appearing as wisps of cloud. While in this cloud form, a target has a Fly Speed of 300 feet and can hover; it has Immunity to the **Prone** condition; and it has Resistance to Bludgeoning, Piercing, and Slashing damage. The only actions a target can take in this form are the **Dash** action or a **Magic** action to begin reverting to its normal form. Reverting takes 1 minute, during which the target has the **Stunned** condition. Until the spell ends, the target can revert to cloud form, which also requires a **Magic** action followed by a 1-minute transformation.

If a target is in cloud form and flying when the effect ends, the target descends 60 feet per round for 1 minute until it lands, which it does safely. If it can't land after 1 minute, it falls the remaining distance.

Wind Wall

Level 3 Evocation (Druid, Ranger)
